Thanks to my communication skills and problem-solving skills, I continue to improve myself by finding effective solutions to problems in my projects. I am always open to learning and I am very enthusiastic and motivated in the rapidly changing world of technology.

EDUCATION

Gazi University, Bachelor's Degree **09.2019 – 06.2025**
Faculty of Engineering, Computer Engineering
Not: 3,13
Explanation: I suspended my registration for two semesters in the 2022-2023 academic year.

EXPERIENCE

Software Developer, FLO Retail Inc. **08.2024 – 08.2024**

- I gained experience in processes such as UI/UX design with Dart language, data management, Firebase integration and RESTful API usage.
- I provided efficient and error-free solutions by performing application testing, debugging and performance optimization.
- I worked effectively within the team using Agile methods.

Flutter Developer, Game and Application Academy **01.2024 – 07.2024**

- I worked in line with the software life cycle and agile methods.
- I wrote efficient codes using OOP, SOLID and design patterns, and optimized performance with algorithms and data structures.
- I took an active role in debugging and testing processes by doing version control with Git.
- I successfully completed projects with teamwork in the Scrum methodology and gained experience in software architecture.

PROJECTS

Firebase Based Social Media Application

- I developed a social media app using Flutter and Firebase.
- I provided data synchronization with Firebase Authentication, Firestore and Database.
- I automated backend processes with Cloud Functions and integrated notifications with FCM.
- I ensured data security using Firebase Security Rules.

Mental Health Application with Flutter

- I developed a mobile app focused on mental health with Flutter and Bloc.
- I provided a powerful backend and secure data storage using Node.js and PostgreSQL.
- I made the app modular and maintainable using Clean Architecture.
- I provided features to help users track their mood.

FOREIGN LANGUAGE

- English: B1 (speaking, writing, reading, and listening)
- German: A2 (speaking, writing, reading, and listening)

CERTIFICATES

- Mobile Application Development with Flutter
- Google Project Management
  - Project Startup: Stepping into a Project Successfully
  - Project Planning: Bringing It All Together
  - Capstone: Applying Project Management in the Real World
  - Project Management Fundamentals
  - Project Execution: Bringing the Project to Life
  - Agile Project Management
- Technology Entrepreneurship
- Artificial Intelligence-Added Application Development

VOLUNTEERING

- Gazi Business Life Community
- Google Developer Student Clubs Türkiye
- Republic of Turkey Ministry of Internal Affairs AFAD

SKILLS & LANGUAGES & FRAMEWORKS

- Design Patterns, Algorithms, Software Architecture, SOLID, Data Structures and OOP
- Java, JavaScript and Dart
- Android SDK, Flutter, Visual Studio Code and Cursor

INTERESTS

- Taking part in volunteer work.
- Reading technological articles.
- Following developments in technology.
